

Dear Parents:

We have some wonderful news: after much consideration, the Education Committee of Rodeph Torah has created an exciting new program in concert with our vision to be a center for a bright Jewish future.

Jewish education has been changing dramatically in the last few years. We at TRT want to reflect these changes, so we have revamped our curriculum as well as our learning opportunities.

Next year, **our Kindergarten through fourth grade** will meet on Sundays from 9:30 to 12:00, enabling students to be enriched by our music and special programs for ½ hour, while giving them the full benefit of a great education for 2 hours.

Fifth, sixth and seventh graders will meet on Thursdays from 5-7 for their Hebrew and core curriculum.

On Mondays, from 4:30 – 6:30, we are offering a brand new, Elective Enrichment Program for any fourth through seventh graders, which will feature additional learning time for modern Hebrew and new classes designed to deepen our children's connection to Judaism.

More details will follow, but we want you to be the first ones to know. We hope you will share this exciting news with your friends and neighbors, and we invite them to call Rabbi Stern if they would like information about enrolling their children for next year.

We look forward to working with you and your children as we create the Jewish Future.

L'Shalom,

President:
